Countertop
**Twist Soft Serve Ice Cream /
Yogurt Machine**

The **SaniServ** Model 501 Soft Serve and Frozen Yogurt Machine is a favorite in providing versatility to serve two individual flavors as well as a flavor twist. The 501 offers high profit, consistent quality soft serve and yogurt products in a popular countertop design. Two independent flavor hoppers and barrels guarantee separation of product and flavors. Ease of operation insures the 501 as a favorite among owners and operators while providing customers the popular flavor twist they enjoy!

Space Saving

Small Footprint Design - **SaniServ** model 501 saves valuable floor space and turns the countertop into a real profit center by serving two high profit ice cream and yogurt product flavors along with the ability to twist the flavors into a frozen favorite.

Easy Cleaning and Operation

Fewer Parts = Simplified Cleaning – **SaniServ** equipment is designed and built with the fewer parts to be disassembled, cleaned and sanitized than any other machine in the industry.

High Return on Investment

Increased Profits – **SaniServ** machines combine efficiency with consistent product quality and fast quiet operation while insuring customer satisfaction with high profit ice cream or yogurt products.

Quality Design

Durability – **SaniServ** machines are built to achieve long and dependable life through simplicity of design. Every machine is shipped standard with a stainless steel exterior, durable steel interior frame construction, heavy-duty components and consistency systems.
