Floor Model

Twist Soft Serve Ice Cream /

Yogurt Machine

The **SaniServ** Model 522 Soft Serve and Frozen Yogurt Machine provides the highest volume of two individual flavors as well as a flavor twist. The 522 offers the highest volume of high profit, consistent quality soft serve and yogurt products in the SaniServ product lineup. Two large independent flavor product reservoirs and barrels guarantee separation of product and flavors. Always easy to operate, large product capacity and quick recovery time insure customers receive their favorite flavors individually or with a twist!

Space Maximizing

Traditional Floor Model Design - **SaniServ** model 522 turns valuable floor space into a real profit center by serving the highest volume of two high profit ice cream and yogurt product flavors along with the ability to twist the flavors into a frozen favorite.

Easy Cleaning and Operation

Fewer Parts = Simplified Cleaning - **SaniServ** equipment is designed and built with the fewer parts to be disassembled, cleaned and sanitized than any other machine in the industry.

High Return on Investment

Increased Profits - **SaniServ** machines combine efficiency with consistent product quality and fast quiet operation while insuring customer satisfaction with high profit ice cream or yogurt products.

Quality Design

Durability - **SaniServ** machines are built to achieve long and dependable life through simplicity of design. Every machine is shipped standard with a stainless steel exterior, durable steel interior frame construction, heavy-duty components and consistency systems.
