Counter Model
Frozen Beverage Machine

The **SaniServ** Model 704 Frozen Beverage Machine is perfect for providing a high volume of frozen drinks for the busiest applications and operating hours! The 704 has the highest production capability in the frozen beverage industry! With its quick product freezing and recovery time, along with heavy-duty design, large capacity freezing barrel and product reservoir, the 704 can provide perfect frozen drinks every time!

Space Saving

Small Footprint Design - **SaniServ** model 704 provides super high production while saving valuable floor space by utilizing the countertop design. With the 704, there is no need to purchase a floor model type machine to attain high production capacity and capability.

Easy Cleaning and Operation

Fewer Parts = Simplified Cleaning – **SaniServ** equipment is designed and built with the fewer parts to be disassembled, cleaned and sanitized than any other machine in the industry.

High Return on Investment

Increased Profits – **SaniServ** machines combine affordable efficiency with consistent product quality and fast quiet operation to insure customer satisfaction with high profit frozen beverages.

Quality Design

Durability – **SaniServ** machines are built to achieve long and dependable life through simplicity of design. Every machine is shipped standard with a stainless steel exterior, durable steel interior frame construction, heavy-duty components and consistency systems.

Shown with optional legs.

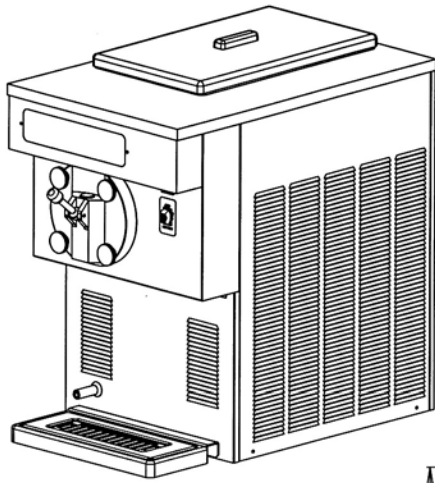

Made in the USA
