*Designed For Medium Volume Applications*  
13 Gallons per Hour – 20 Quart Capacity  
**Super Production in a Small Design!**

## **Model 709**

Countertop  
**Frozen Beverage Machine**

The **SaniServ** Model 709 Frozen Beverage Machine is perfect for providing a high volume of frozen drinks for even the busiest of locations. The increased production makes the model 709 great for providing pitchers of frozen product and supplying plenty of product for larger frozen beverages. With the 709's quick recovery, owners and operators are assured product availability even during peak serving periods!

### **Space Saving**

**Small Footprint Design** - **SaniServ** model 709 offers increased production without having to come in a larger design! Owners and Operators can still save valuable floor space and turn the countertop into a high profit center by providing the frozen beverages customers enjoy!

### **Easy Cleaning and Operation**

**Fewer Parts = Simplified Cleaning** – **SaniServ** equipment is designed and built with the fewer parts to be disassembled, cleaned and sanitized than any other machine in the industry.

### **High Return on Investment**

**Increased Profits** – **SaniServ** machines combine affordable efficiency with consistent product quality and fast quiet operation to insure customer satisfaction with high profit frozen beverages.

### **Quality Design**

**Durability** – **SaniServ** machines are built to achieve long and dependable life through simplicity of design. Every machine is shipped standard with a stainless steel exterior, durable steel interior frame construction, heavy-duty components and consistency systems.
